LOCAL NEWS.

The citizens of Hazel Green will plant shade trees on all the streets this fall.
Buy your groceries from Caskey & Pieratt. Rock bottom prices for cash.
Born.—To the wife of George Bishop, on Wednesday the 22nd inst., a girl.
We have received a very fine specimen of wheat from W. C. Carson, of Pennington.
You can get 25 envelopes, 24 sheets of paper, 1 lead pencil, 1 pen-holder and 2 pens for 25 cents, at this office.
The people about Red River say they have not had a rain in twenty days, and that the corn is looking bad.
Dr. F. M. Thomas will please accept our thanks for some very fine wild goose plums which he raised in his garden.
Breen's Liniment removes knots and all enlargements on horses or other stock. No cure no pay. Sold by J. T. & F. Day.
Col. R. J. Samuel has our thanks for a new of tomatoes which are the finest brought to this office, and perfect beauties.
Mrs. Nannie Kash will please accept our thanks for a basket of the most delicious apples it has been our pleasure to sample in many years.
Several parties in this section owe THE HERALD chickens, and if you are the indebted ones, you are requested to bring your fowls at once. Time is up.

Breen's Liniment is pronounced by all who have used it to be the greatest remedy for rheumatism, sprains, cuts, bruises, etc. Sold by J. T. & F. Day.
We want 200 bushels of coal, and invite bids to furnish as that quantity. The party making the lowest and best bid, coal being of equal quality, will get the contract.
Breen's Liniment is certainly the best combination of remedies for corns, neuralgia, pains in the back and side, etc., ever produced. Sold by J. T. & F. Day.
Some one writes us from Daysborough that J. M. and Alex. Nickell, while moving, killed a blowing fly three feet seven inches in length and six inches in circumference.
The Wolfe county institute for the school year ending June 30th, 1886, will be held at Hazel Green, commencing August 17th, and will continue five days.
The public school-house at this place is just now undergoing needed repairs. New sash are being placed and new shutters will be hung, and if some of our enterprising citizens would donate the time and labor in the building, it would be one of the neatest in the mountains.

Her counsel having taken an appeal, Mrs. Stricklin, sentenced last week to the penitentiary for life, was transferred to the Morgan county jail for safe keeping, pending the decision of the court on her appeal. This move was necessary because our jail was "too full for utterance."
William K. Murphy, Jr., died at the residence of his father, on Grassy, on last Sunday at 2 o'clock, and was buried in the family burying ground on Monday. The deceased was a young man of much promise, and had many friends who regretted his death, who extend their sympathy to the bereaved family in their affliction.

We ask special attention to our new "Matchless Pencils." These pencils, while very low in price, are, we claim, equal in quality for all business purposes to any pencil in the market, and are sold at the highest price. They excel particularly in absence of grit and strength of lead. Send for price list. Jansen, McElroy & Co., Wash. and Madison St., Chicago.
That there may be no misunderstanding with parties announcing themselves as candidates for office, we will state that the price for each announcement will be \$5, and the money must be paid before the announcement is made. For cards or communications in the interest of candidates the rate is five cents per line. On an average six words will make a line, and the money must accompany the copy.

Hon. W. P. Pauline will please use his influence in having a postoffice established at the mouth of Freen, in Breathitt county. The establishment of an office there, with the Hazel Green and Jackson mail passing that way, would increase the distance 1 1/2 miles, but by letting the Campion mail route and the one from here connect with the evening train for Mt. Sterling, enabling you to reach that place early enough to transact your business and return next day. Don't forget to travel by the stage if you would ride easy and save money. Special attention to ladies and children traveling without escort.

A correspondent writing from Tom's branch, Morgan county, reminds us that a postal route should be established between Hazel and Youm, a distance of 15 or 20 miles, to intersect the daily mail from West Liberty to Morehead. Tom's branch, five miles east of Hazel, with John M. McGuire, postmaster, and one at Russell Shoals, with John Osborn as postmaster, are the intermediate offices wanted by the people, and although a petition with 150 signatures has been forwarded to the postoffice department, no attention has been made to the appeal. In behalf of these people, THE HERALD hopes Hon. W. P. Pauline will attend to the matter at once, and urge the department to establish these two offices.

A CARD

To the Voters and Citizens of Wolfe.
Having been elected your County Judge, three years ago, permit me to say that when I assumed the duties of the office, I found an indebtedness of about \$1500, and a high poll tax which had been hanging for sometime over the citizens. Feeling a deep interest in the welfare of the people who had honored me, my highest ambition was to discharge my entire duties, and guided by this feeling, I have labored earnestly for your good. As to the result, I can only refer to my official acts.

Our poll tax is now only \$1.50, which is much less than ever known since the formation of the county, and less than any of our neighboring counties are now paying. Besides discharging the indebtedness, and the general management of your county affairs, and the improvement of your public roads, etc., at considerable expense, all of which has been paid, or the present levy will fully cover, leaving the county not owing a single dollar.

This has been accomplished by closely watching the finances of the county and reducing the ordinary expenses and leakages. I feel that I have been thoroughly acquainted with your necessities, and the general management of your county affairs, and the improvement of your public roads, etc., at considerable expense, all of which has been paid, or the present levy will fully cover, leaving the county not owing a single dollar.

I am so fortunate as to receive your endorsement and my re-election, I promise you my entire energy for the good of the county.

Heretofore thanking you for past favors, and placing my claims in your hands, asking your support, I cheerfully say that I will abide the action of the democratic party, and pledge my support to its nominees, be they who they may. Very respectfully,
G. B. SWANGO.

Personal Paragraphs.
W. H. Nickell, of Ezel, was in town on Saturday and Sunday.
George H. McClain made a flying visit to Maytown and Ezel last Sunday.

Floyd Day left on last Sunday for Breathitt county, on business.
Bob Nunnally, with Dunlap Bros. & Co., of Louisville, was in town Tuesday.

C. A. Turner, of Mt. Sterling, was registered at the Pieratt House last Thursday.
Miss Ella J. Johnson, of this place, visited friends in Maytown on Sunday last.

Capt. J. P. Rogers, representing Louis Stix & Co., of Cincinnati, is stopping at the Pieratt House.
John Mow, of Bourbon, and Wm. Gay, postmaster at Sideview, Montgomery county, are drinking Swango water for their health.

Judge J. R. Botts, of Grayson, and J. G. Whit, of Martinsburg, were in town on Wednesday last on route to Campion on business.
Miss Esther, daughter of J. H. Wilson, who has been in Montgomery county since May, returned to Hazel Green last week to attend school.

R. H. Vansant, of Martinsburg, and John Vansant, of Liberty, passed through town on last Wednesday on route to Campion, and returned Thursday.
Capt. H. J. Clark, one of the most affable and popular men in the county, dropped in at Hazel Green last Monday evening, like a thunderbolt from a cloudless sky, and as usual sold a good bill of goods for the Stivers-Carson hardware company, of Louisville, which firm has a store in possession of the services of such a man.

Messrs. John Allen, Wellington Payne and Albert Allen are spending a short time at Chapman Springs, Lexington, Ky. The party making the lowest and best bid, coal being of equal quality, will get the contract.

Some one writes us from Daysborough that J. M. and Alex. Nickell, while moving, killed a blowing fly three feet seven inches in length and six inches in circumference.

Uncle Harry Swango, proprietor of the celebrated Swango spring, authorizes us to say that he will not charge for water from his spring, no matter where visitors may board. He says his house is open for the entertainment of all visitors, and he would like to have them stop with him, as many as he can accommodate, but that they can have the water no matter where they stop.

W. C. Taylor, the accommodating postmaster at Harbis, in Menifee county, sends us a radical grown by John Barker, of that place, which is the largest we ever saw. It weighs 3 pounds 10 ounces, and Mr. Taylor says it weighed, when first pulled, 4 1/2 pounds. Can anybody beat it?

Our Harbis letter this week was unavoidably crowded out. Sorry it did not arrive sooner, but it was by mistake placed in the Freemansburg mail, and returned here too late. Our friends will please send in letters sooner—by Saturday at latest.

Prof. N. B. Hayes and his estimable lady will please accept thanks for favors extended our better than for Lexington recently.

CORRESPONDENCE.

EASTERN KENTUCKY NEWS BY COUNTIES.

Reported by Special Correspondents from All Points in the Mountains.

MORGAN COUNTY.

MAYTOWN, JULY 27.

The people of this part of Morgan county are excited about the proposed taxation of \$200,000 to build a railroad through this county. Petitions are being circulated asking the magistrates of the county to vote down the proposition. They claim that a similar taxation was laid in Montgomery county and in consequence thereof the people have suffered in a financial point of view. So far as your correspondent can learn the people are in favor of the railroad, but are opposed to such an enormous tax. As to the necessity for the taxation, this deponent saith not, but would respectfully remind the people of old times that they have suffered through their fertile valleys, they will be necessitated to donate liberally.

The recent troubles here between the Culbertsons and Sextons has not been settled, and from present indications it will doubtless be some time before it is. It is remembered that these parties have been having trouble with each other for about six months. Last week John W. Culbertson went to the house of Ben Sexton, called his son Brock to the door and told him that he was going to shoot him, whereupon he fired his revolver, but was fortunately missed young Sexton. The parties have all been arrested and will have their trial here to-morrow. From all reports both parties are in the right, and it is feared that the end is not yet.

Arrangements are being made to run a ten months school, of a high grade, at this place. This is certainly a move in the right direction. Teachers who are competent in particular will have the school in charge. Now let the people of Wolfe and Morgan counties give this enterprise the aid it deserves in substantial way, and we will guarantee that we will have a school second to none in Eastern Kentucky.

The sad news of the death of Willie Murphy, of Grassy Creek, was received here late yesterday evening. Willie was an up-right young man who was loved and respected by all who knew him. That death leaves a shining mark was verified in this case. Placing a flower upon his newly made grave we say "Rest to his ashes."

C. W. Clark, Mrs. P. K. Clark and C. C. Gillispie started this morning to Tazewell county, Virginia, to visit friends and relatives. They moved here from the "old doan" about two years ago. They will be gone about one month.

Dr. Dixon called on your correspondent last week, and asked him to remind "Lick Skillet" that he has plenty of drugs and practice, and that the people have got something to live upon besides blackberries and roasting ears.

A number of cases of fever are reported in this community. Aside from that we are threatened with a general scourge of measles. There has been a number of cases in town.

George McClain, of Hazel Green, was in town yesterday. It is currently reported and believed that there is considerable attraction at Maytown for George.

Judge B. F. Day and family are visiting at the residence of the Arch Day, this week.
Ben. F. Sexton has just returned from Mt. Sterling, whither he had been on business.
Mrs. J. J. Swetnam, of Bath, was visiting last week at E. B. May's.

Frank Cottle, of West Liberty, was in town yesterday on business.

UPPER GRASSY, JULY 25.
We think if F. M. Long makes much brandy he will go to some other section to get fruit. A large majority of the people of this vicinity will not furnish any fruit for distillation or to add the cause in any way. We think, however, that if he gets back to Lexington, his friends will surely know him, so wonderfully improved, and so young looking as he has grown here. The water of Swango Spring works wonders, and say nothing of Godfrey's chalybeate and other mineral waters. Let your depressed, diseased, overworked, and incurable (7) citizens come here, if you would see them restored to health and vigor. Board can be had at Swango's, near the spring, or in town at the Grassy House or Pieratt House, at from \$3.50 to \$4.50 per week.

Miss Rice Lacy has returned from Gillmore Creek where she has been visiting her sister, Mrs. Hannah Graham. Miss Rice is a very pretty and accomplished young lady of this neighborhood. She is going to attend our school.

Rev. J. T. Pieratt began a protracted meeting at Beth Salem last night. There were several out, and he gave us a discourse setting forth the great importance of reading the scriptures.

We would suggest that Mr. "Jay" turn his own better pasture or our Grassy correspondent, "On the Wing," will get ahead of him.

Henry Lacy, of this vicinity, is teaching school on Lacy's Creek, Morgan county. We have had fine rains in this section, and crops are looking well. SUNSHINE.

CANEY, JULY 28.
Leburn Lykins, W. A. Burton, Dr. F. Taylor, J. C. Sebastian and several others of this neighborhood attended the stock market at Hazel Green on the 15th. They think Hazel Green is destined to become an important point.

B. F. Nickell, who has been employed to teach the school in this district, will commence on Monday 27th. Ben is said to be a good teacher, and will doubtless give satisfaction to both pupils and patrons.

Stamper & Brother, of Grassy Creek, have moved their shingle machine here and are now ready to furnish shingles in large or small quantities.

The straw saw and grist mill of Lykins & Loy, of this place, is doing excellent work, and is supplying everybody with lumber.

People are all done working their corn, which promises to be an excellent crop.

Judge William Lykins, of this place, is attending the Wolfe circuit court.

Our old and experienced farmers say the mass prospect is flattering.

Miss Lucinda Burton is on the sick list this week. SWANGO SPRING, KY.

GRASSY CREEK, JULY 27.
It pains me to hear of the death of Wm. Murphy, which occurred yesterday evening. It was quite a surprise to me indeed, and doubtless, also, to the many friends and relatives of this noble young man. I wish through THE HERALD to extend sympathy to the grief-stricken family, and say to them, "Your loss is his eternal gain." The family circle is broken, but may it be reunited where parting shall be no more.

The association of regular Baptist will convene with the church at Grassy on the 14th day of August, 1885, and hold three days. The friends and brethren are requested to bring dinner on Sunday. The church made a resolution at her last meeting that no one should be allowed to sell melons, candies, lemonade, cider, whisky, beer or cakes, or take pictures within one mile of the association. W. L. G.

You can get 72 sheets of note paper for 25 cents, or 24 sheets for 10 cents, 15 envelopes for 10 cents, or 75 for 25 cents, at this office. These are the finest goods made.

BREATHITT COUNTY.

FROZEN CREEK, JULY 23.

The people in this section are in great need of a post-office, as we have to send eight miles to get our mail. A great many more would take the paper if we just had an office where they could get it. I am bothered a great deal about parties carrying off THE HERALD before I get a chance to read it. When I ask them to subscribe they say they can never get them as the office is so far away.

Willie Spencer and Samuel Jett have bought all the timber belonging to James Cope. They have moved several teams and hands to the timber, and are having splendid luck so far.

It is very warm weather, and it brings plenty of loaves to the shady trees at this place. Their only occupation is pitching horse shoes.

Most of our farmers think that we will have a good mast, and if we do it will help the people wonderfully.

A. F. Lyon, of Rousseau, spent a day or two with us last week. We hope to see him again soon.

Ira Taulbee is hauling logs to the steam mill to have lumber cut to repair his house.

It has been six weeks since we had any rain, and crops will be light in these parts. STUMP.

LOST CREEK, JULY 23.
The Methodist denomination contemplate building a new church on Day & Sally's land near F. M. Day's old store-house. We hope they will meet with success.

F. M. Day and Jerry Noble are operating their two large steam mills, and they find sale for the lumber as fast as they can cut it.

Our farmers are about ready to take a rest from their corn fields. The prospects are very promising for a splendid corn crop.

Rev. Henry Nease, of the Baptist church, preached in a large crowd of people July 19th, at Liberty church.

The following loggers are preparing for their log business: G. T. Strong, S. H. Combs, A. A. Combs, &c.

There is the best prospect for a good mast this fall that has been within the past ten years.

You can get 125 envelopes and 120 sheets of fine note paper for 75 cents, at this office. By mail for \$1.00.

MENIFEE COUNTY.

FRENCHBURG, JULY 24.

We see in the Mt. Sterling Gazette that the friends of Newt Osborn, who was killed at Stepstone, were organizing for revenge; which we think is a mistake so far as his friends are concerned. His brother, Jonathan Osborn, and his brother-in-law, George Dennis, were the only ones that attended his funeral from here. Wm. Osborn was in this county at the time of his brother's death, preparing for his trial for killing Henry Thomas, and we are informed, has never left it. We think journals ought not to publish unfounded sensational rumors in these times of lawlessness and disorder, as such are only calculated to stir up bad blood, and God knows these bad occurrences are bad enough at best.

Miss Eva Armistead has left to teach the Salt Lick school, Rev. Jos. Adams is teaching on Indian Creek, Garrett Combs on Peter Trace, John B. Clark on Clifton and Miss Laura Ponder at the Wells school-house. All these are young persons from this place and vicinity, and we think will give entire satisfaction where they teach.

Miss Lizette Needham, of Booneville, will teach at the Jackson school-house one mile from here.

Our doctors are all gone from here at this time. The neighborhood is getting more healthy.

All business, except croquet playing, is suspended on account of the excessive hot weather.

I. N. Frisby is up in the mountains with a drummer, Mr. Tuck, hauling his sawmill.

Our teacher's institute begins August 4th and will be conducted by Prof. N. B. Hayes.

J. M. Oliver is attending circuit court at Campion this week. TOOT.

Sanford's celebrated school ink and a lead pencil or penholder for only 5 cents, at this office.

POWELL COUNTY.

STANTON, JULY 13.

Robt. Hardwick, of this place stabbed Wm. Combs, the jailer, on Monday last, in the left side near his heart. Combs, in the execution of the law, had a few weeks ago arrested Hardwick and committed him to the jail, and if it had not been for the cutting, the cause is unknown. Last Sunday Hardwick joined the church, and gave Combs his hand in apparent friendship, and on the next day, at the county jail, he expected to Combs or anyone else, stepped up to him and thrust his knife into his chest, and in attempting to catch the knife, Combs received a heavy guard wound around the neck. He was taken to the hospital, and died after a few days' suffering. The cause was unknown. There has been much excitement manifested over the matter, but everything is quiet now, and excitement is fast subsiding.

Prof. I. G. Proffit was here Saturday, and made application for a teacher's certificate. Receiving it, he went on his way rejoicing, and commenced his school Monday morning. We hope his efforts may be crowned with success, and think the district will be blessed with a good school.

Alven Hon, sheriff of this county and a very promising young man, died Tuesday morning of cholera, at his residence at Clay City on the 4th of July at a picnic, and never recovered.

The prospect here for corn has been very flattering, but just now the crop is suffering for rain, as we have had no rain for about three weeks.

We understand J. G. Thomas, of Lee county, is keeping bachelor's hall. We should like to hear from him. LICK DIKE.

MONTGOMERY COUNTY.

SPENCER STATION, JULY 24.

Political speeches on the 23rd, at Antioch, by W. S. Richard, Lewis Apperson, candidates for county judge, and E. G. Stewart for county attorney. Stewart is bent on speaking, and is winning many friends by so doing.

Our school began on the 20th at Frog Pond school-house; Miss George Sledd teacher. This is the first school she ever taught, and we think she will make a good teacher.

Uncle Peter says when he marries he is not going to allow his wife to cook, but is going to set her on the mantle for an ornament. Lucky will the woman be.

Married.—At the residence of the bride's father, on the 21st inst., T. H. McGuire and Miss George A. Stephens. We wish them success through life.

The farmers here are rejoicing to see a splendid rain fall on the 23rd.

Court Day at Mt. Sterling.
[Mt. Sterling Gazette.]
There was a very fair crowd in town, considering the extreme heat, and business in every way was better than the previous court. While there is a general complaint about hard times the people seem to have ready money enough to supply their needs and indulge in an occasional luxury. J. W. Wilson, auctioneer, reports about 350 head of cattle on the market, of various grades, and bringing fair prices. Yearlings brought from \$8 to \$12 per head; 2-year-olds from \$15 to \$20, and 3-year-olds from \$20 to \$35. Common oxen brought from \$5 to \$7 per yoke, and No 1 oxen from \$10 to \$12.50. About 200 pig hogs were selling at fair prices. There were several foreign buyers here at private sale at prices ranging from \$100 to \$125. About 25 mules on the market, but they were wanted for them and consequently few sales.

Born.—To the wife of T. J. Stephenson, (Little Jeff), July 23, a girl.

Swango Springs. The Water of Life for Afflicted Humanity. IRON IS KING.

These springs are located three-quarters of a mile from the beautiful town of Hazel Green. The water contains a larger percentage of iron than any other water known, hence it is the most valuable in the cure of disease—used internally or externally.

Among the many diseases which flesh is heir to, and for which this wonderful water is known to be a positive and permanent cure, are the following:
CONSTIP
